Re: Delete, Delete, Delete Initiative

April 9, 2025

To whom it may concern,

It is our view at Komplement Consulting that the E-Rate program’s filing system is outdated and cumbersome for both the applicants and the service providers. The E-Rate Productivity Center (EPC) ought to be transformed into a system that would streamline the bidding process and allow all necessary documents to be uploaded to a portal, making the E-Rate system easier to navigate for all involved.

Sincerely,

Holly Davis

CEO, Komplement Consulting
